GENERAL

Proceedings of the Government of Mysore,

READ—

Letter No. 73, dated 27th July 1900, from the Deputy Commissioner, Kadur district.

Rule 11 of the Travellers' Bungalow Rules issued under Government Order No. 15816-51—M. F. 15-96 of the 14th June 1898, runs as follows :—

> "Where a traveller does not himself occupy a bungalow or compound but only pickets his horse or horses in the stable or compound, half the prescribed rate for personal occupancy will be charged."

2. With reference to the above, I have the honor to state that it has been brought to my notice that the charge, *viz.*, 8 annas, for stabling in a 1st class bungalow, is somewhat high for one horse. The charge for stabling in the case of 2nd and 3rd class bungalows is 4 and 2 annas, respectively. As the rule now stands, a traveller has to pay the same rate whether he pickets one, or half a dozen horses in the bungalow premises, *viz.*, half rates.

3. To avoid any misconception of the rule and to secure uniformity as regards stabling fees, I would suggest that a uniform fee of *four* annas, *two* annas and *one* anna for *each* animal picketted, or stabled, in the compound or stalls of 1st, 2nd and 3rd class travellers' bungalows, respectively, should be charged. If this suggestion is approved by Government, the rule may be amended accordingly.

No. 7657-63—MIS. F. 15-96, DATED BANGALORE, 1ST DECEMBER 1900.

ORDER THEREON—The Deputy Commissioners of districts (except Kadur) will be requested to favor Government with their opinions on the proposal made in the above letter.

Memo No. 2575, dated the 12th December 1900, from the Plague Commissioner in Mysore, submitting with his remarks, the explanation of the Chief Plague Officer of the Mysore City, in regard to the disinfection of infected houses in that City not having been properly carried out.

Letter No. 618, dated the 9th December 1900, from the Chief Plague Officer, Mysore, to the Plague Commissioner in Mysore.

As called for in your Memo No. 2447-8, dated the 4th December 1900, I beg to submit the following :—

The Honorable the British Resident visited Mysore on the 3rd September 1900 and inspected the camp, process of disinfection, disinfected houses and a few health camps, and made minute enquiries into the working generally of the Plague Department in the City of Mysore. Very soon after the Resident's visit, you were pleased to come over and made a minute inspection and gave orders to the strengthening of the disinfecting staff and renovation of the Erangere Plague Camp.

Originally there were 40 coolies each on Rs. 6 per mensem under one Inspector on Rs. 15. This number was raised to one hundred divided into ten gangs with one gangman at the head of each gang. Four Inspectors, one on Rs. 40 a month and three on Rs. 30 a month, were appointed to take work from these gangs and at the head of the staff an European Assistant Superintendent on Rs. 100+20 was placed, who produced excellent testimonials.

The Officiating Senior Surgeon, at the instance of the Plague Commissioner, sent one Mr. A. Kodandapani, L.M.&S., L.R.C.P., L.R.C.S., D.P.H., as the Health Officer of the Mysore Municipality.

Under the orders of the President, however, and in view to carry out the instructions of the Government of India in full, Mr. Kodandapani was placed in charge of disinfection, as it was thought that a duly qualified man was necessary to supervise and scrutinize the disinfection of houses. The City was divided into two halves and each of the above named two officers was given the charge of one-half. One hundred pairs of boots were bought and distributed to the coolies and, as the Director General (General Harvey, D. S. O., C. B.,) himself noticed, there was no lack of measure glasses or other implements and materials for disinfection in the Central Stores in my charge. There was no sparing of expenditure on them.

The duties of Messrs. Kodandapani and Mersh were to call out the roll of the Inspectors and coolies every morning, provide them with the materials needed for disinfection and march the gangs out fully equipped with the needful for the day. It was their business to see that the instructions given to the Inspectors and gangmen were actually carried out during the process of disinfection and remedy on the spot any defects that were noticed. It was their business also to have taken the needful implements and materials from the Central Stores when there was any deficiency of the same in their stores. After disinfection was completed, the houses would be inspected by me, and I was to grant "Fit for human habitation" certificates. Any defects that I observed in the proper disinfection of houses, I used to bring to the notice of one of the abovenamed two officers and ask them to rectify. I used to report in my diaries to the Plague Commissioner cases of slovenly or bad disinfection.

Before the Honorable the British Resident's visit in the beginning of September 1900, and when there was not very heavy work to do, I used to every now and then inspect the disinfecting gangs before they were marched out and satisfy myself that they were well equipped.

As, however, plague increased and with it the rush for admission into the camp, accommodation in which fell short of the demand, and people grew anxious, and were ready to camp out of the town, my energies were directed towards the early improvement of the Hospital and Segregation Camp and construction of the several Health Camps outside the town, in addition to my legitimate plague duties in the City. In spite of this heavy work, however, if I had any misgiving that such a well qualified, and as I knew, clever young man, as Mr. Kodandapani, and an energetic European, a British Military Pensioner—would fail to do their duty, the very elementary part of which was to see that the gangs were fully equipped before they were marched out for work, I should have personally supervised this work also. I placed reliance on them. Mr. Kodandapani failed to appreciate his responsibility, because he lacked experience, and Mr. Mersh, who should have known discipline, if anybody should know it at all, failed, through carelessness.

In the matter of some coolies noticed by the Director General working without boots, I understand that not being accustomed to wear boots, some of them got shoe-bites and as the ulcers thus caused were considered ready mediums of catching infection, a certain amount of relaxation was allowed.

Remarks of the Plague Commissioner :—

The explanation is very satisfactory and may go up to Government. The perfunctory manner in which disinfection was done may be accounted to some extent by the disparaging remarks passed from time to time by Major Smyth and also by Col. Benson regarding the inefficacy of disinfection in regard to mud-houses.

In this connection I would request Government to be pleased to modify their Order No. Pg. 573-83, dated 21st November 1900, and to omit clause 6 altogether and say instead "Major Smyth's directions being opposed to the orders of the Government of India regarding disinfection, his advice need not be followed." I know that all the houses inspected by General Harvey had earthen floors and mud walls, and the repeatedly expressed opinions of Major Smyth and Col. Benson also, that there was very little use in disinfecting such houses, may have gone some way to account for the indifference of Disinfecting Officers in regard to carrying out the directions regarding disinfection in their entirety (see para 11 of the Rules). The evil will be aggravated by the Government giving their authority to this informal opinion of its local advisers and prohibiting the disinfection of all houses other than those with pukka " walls and floors."

No. Pg. 725-35, dated Bangalore, 14th December 1900.

Order thereon—A copy of the remarks of the Plague Commissioner read above will be communicated to the Senior Surgeon and Sanitary Commissioner, with reference to para 2 of his letter No. 262 P., dated the 29th September 1900, printed with Government Order No. Pg. 573-83, dated 21st November 1900.

2. The Plague Commissioner will be so good as to issue the necessary directions to all officers concerned with a view to the disinfection, whenever required, being carried out on the lines indicated by the Government of India, of all houses, including those which have no pukka walls or floors. In regard to the houses of latter description, a few simple rules should be prescribed as to how the disinfection should be effected.

Letter No. 1846, dated the 30th October 1900, from the Plague Commissioner in Mysore, requesting orders to sell in future, by public auction, subject to the conditions laid down in Government Proceedings No. Pg. 1251-2, dated the 12th April 1900, except conditions 6 and 7, all the building sites in the Basavangudi and Malleswaram extensions in the Bangalore City, fixing the upset price as one rupee for every 100 square feet of cottage, villa and house sites and Rs. 1½ for every 100 square feet of bazaar sites; and stating that the provisions of the Land Revenue Code and the Rules issued thereunder may be made applicable to sales of sites in the said extensions and to the recovery of the sale proceeds.

(2) Letter No. 2157, dated the 18th November 1900, from the same officer, recommending, for reasons stated, that instead of selling the sites by public auction as originally proposed, the limit of time as regards privileged rates prescribed in Government Proceedings No. Pg. 667-71, dated the 15th December 1899, may be extended up to the end of December 1900.

No. Pg. 755-8, DATED BANGALORE, 18TH DECEMBER 1900.

ORDER THEREON—In view of the fact that there is still a large number of sites available in the two extensions and of the repeated extensions of time already granted, Government consider it undesirable to extend the time any further as regards privileged rates. The Plague Commissioner is accordingly requested to instruct the Deputy Commissioner, Bangalore district, to sell, by public auction in the first instance, a few selected sites in the two extensions in the manner proposed by him and communicate the result for the orders of Government; such sales being subject to the conditions laid down in Proceedings No. Pg. 1251-2, dated the 12th April 1900, except conditions 1, 6 and 7, which, especially condition 8, should be duly notified for the information of the bidders.

2. It is a matter for consideration whether in the case of applications made by poor people whose income is not more than Rs. 12 a month and who cannot take a site less than 30' × 100', some concession may not be shown by reducing the sum to Rs. 20 per site. The Government will be glad to be favored with the views of the Plague Commissioner on this point.

EDUCATION

Proceedings of the Government of Mysore,

READ AGAIN—

Government Proceedings No. 11710—Ed. 495, dated the 23rd April 1900, inviting the further views of the Inspector General in regard to his proposal to entertain an additional teacher on Rs. 7 per mensem, for the Anglo-Vernacular School at Nagamangala.

READ ALSO—

Letter No 10353—483, dated 30th April 1900, from the Inspector General of Education.

With reference to Government Order No. 11710—Ed. 495, dated 23rd April 1900, I have the honor to inform you that the principle that no boy be refused admission to a Government School on the ground of caste is, as a rule, followed in the Mysore Department. But the rigid enforcement of the rule would not only cause much discontent but also retard education. For instance, if it were insisted upon that Madiga and Holeya boys should be admitted freely into Primary Schools attended by Hindu caste boys, there is not the least doubt that these schools would be soon emptied of Hindu caste boys, and become purely Madiga and Holeya Schools. The usual remedy in such cases is to have special aided or Government Schools for boys of those classes, to whose association Hindu boys object. A change is bound to come in course of time when even Pariah boys, so long as they are clean in clothes, habits and manners, will be admitted to associate with boys of Hindu castes. But it is not desirable to force on this social reform, which will come naturally in course of time. It is on this account that the Education Commission has recommended "that the establishment of Special Schools or classes for children of low castes be liberally encouraged in places where there is a sufficient number of such children to form separate schools or classes, and where the schools maintained from public funds do not sufficiently provide for their education."

2. The barbers or Naindas are not so low as Madigas or Holeyas, but nevertheless Hindu caste boys object to touch and associate with them. At Nagamangala the barbers have been agitating for admission of their boys into the Anglo-Vernacular School for the last three years. They were asked to send their boys to the Hindustani School where Kannada is also taught, but they stoutly refuse to do so. And as a last protest they have made a combination among themselves not to serve any Brahmin teacher in the place professionally, if their sons are not admitted into the Government School.

3. The two Infant classes of the Anglo-Vernacular School at Nagamangala are under one teacher and have about 40 pupils, which is as large a number as one teacher can manage. The barbers promise to send from 15 to 20 children. Under these circumstances the Headmaster has on his own responsibility engaged a volunteer teacher and formed a separate Infant class for boys of the barber caste. It is the provision of this teacher's pay of Rs. 7, that requires the sanction of the Government. After the barber boys pass the Infant Standard, a few of them who may wish to learn further will be admitted into the higher classes without much objection, separate seats being provided for them. It would be a pity to repress the zeal of the barbers of Nagamangala for education. Under these circumstances I request that the pay of an additional teacher on Rs. 7 for the special class of barbers' sons in the Nagamangala Anglo-Vernacular School may be sanctioned from the 1st July next.

No. 7789-90—Ed. 260, DATED BANGALORE, 7TH DECEMBER 1900.

ORDER THEREON—It appears to Government objectionable on principle to encourage and give official sanction to social distinctions in public schools, involving any restrictions in the way of the admission of pupils of any section of the community in deference to the prejudices of other sections. This policy must always be kept in view in dealing with applications of the kind now before Government. In this particular instance, however, it appears that there are already about 40 pupils, or as large a number as one teacher can manage, in the two Infants' classes of the Anglo-Vernacular School at Nagamangala; and that a separate Infants' class with an additional teacher therefor has become necessary

for the additional number of pupils who have been sent in by the barber community. On the special ground that the number of pupils, irrespective of their caste, has grown beyond what a single teacher can efficiently look after, the Government are pleased to sanction the employment of an additional teacher on Rs. 7 as proposed, with effect from the actual date of his entertainment. It should be distinctly understood that the sanction accorded in this instance is not to be treated as a precedent as regards future applications for separate classes in public schools for particular castes or creeds.

I have the honor to inform you that the inhabitants of Grama in Hassan taluk have subscribed Rs. 120, being half the cost of the English instruction for a year, and paid the amount into the Taluk Treasury at Hassan to the credit of the Village School Fund. They ask for the opening of an English School at Grama. There is in the village a good Taluk Branch Kannada School attended by about 90 boys. As the inhabitants are desirous of giving English instruction to their children, I beg to recommend that a monthly grant of Rs. 20 for a year, from 1st January 1901 to 31st December 1901, may be sanctioned from the Village School Fund for the English School at Grama, in accordance with the orders contained in para 2 of G. Letter No. 3352—108, dated Bangalore, 16th November 1900, from the Registrar of the Chief Court of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

Adverting to the Proceedings of Government No. 4928-9—J. 506, dated the 6th October 1900, *in re* establishment of a new District and Sessions Court at Hassan, I am directed to forward the enclosed proposition statement providing a uniform scale of establishment for the three District and Sessions Courts of Mysore, Hassan and Shimoga.

There are now 13 hands in Mysore, 12 in Shimoga and 11 in the Shimoga Sub-Court establishment now transferred to Hassan, in all 36 officials. The menial establishment consists of 17, 14 and 8 men, respectively, or 39 in all. In the proposed scale 11 hands are provided for each Court, but this will not necessitate any official being thrown out of employ as there are two men in the Shimoga District Court (Sheristadar and the Head Clerk) who have applied to be retired under the 55 years' rule as also one man in the Sagar Munsiff's Court, to fill up whose place an official may be sent from the Hassan District Court.

Although the revised scale entails an extra cost of Rs. 24 per annum, it is the nearest possible approach to compliance with para 5 of the Government Proceedings of 6th October last. It will be observed that the pay of the Sheristadars is reduced from Rs. 100 rising to Rs. 125 to Rs. 100 only and that of the Head Clerks from Rs. 60 to Rs. 50. I am to suggest the desirability of maintaining the present pay of Sheristadars and of Head Clerks, which, it is hoped, will not be found to be too great a strain on the finances of the Province.

On receipt of the sanction of Government the District Judges will be instructed to arrange in consultation with one another for the transfers of officials that may be necessary. One Sheristadar who now draws the maximum pay and one Head Clerk will have to be granted a personal allowance of Rs. 25 and Rs. 10, respectively, if the Government is not disposed to maintain the existing scale of pay attached to these offices.

Separate proposals will be submitted as regards the Process establishment required at Hassan.

Statement of Proposition for Revision of Establishment of District and Sessions Courts.

LEGISLATIVE

Proceedings of the Government of Mysore.

READ—

Letter No. Camp-673, dated the 15th November 1900, from the District Magistrate, Kolar.

A question has arisen with regard to Section 5 of Regulation No. III of 1897 (Mysore Mines Regulation) as to what constitutes, or is actually meant by, "a person carrying on the profession of a goldsmith."

2. It appears that up till now, only those actually engaged in the *melting* of gold, or in the *manufacture* of articles of gold, and not persons trading in gold articles and jewels, have been required to take out licenses under the above Regulation.

3. From the wording of the Section, I certainly think the legislature contemplated the inclusion of all persons trading in gold or gold jewels; otherwise, why should the section differentiate between a "person carrying on the profession of a goldsmith" and those actually engaged in the melting or manufacture of articles of gold.

4. In Notification No. 6751-Mis. 1405, dated 11th December 1897, para II, the form of license prescribed under Section 5 of the aforesaid Mines Regulation, again makes the same distinction; and in the form of Register, which every licensee is required to maintain under the above Notification, are the following headings:—

Col. 3 and 4. "Description of gold ingots, jewels, &c." and

Col. 8. "Gold or jewel issued from the shop."

5. By the issue of licenses, such as I propose under this Act, the Police and Magistracy of the Gold Fields would be kept fully acquainted with the dealings of all *traders* in, as well as manufacturers of, gold articles, not as at present with only those actually melting or manufacturing gold articles. I would request an authoritative ruling on the subject, as I contemplate, should my view of the question be correct, the issue of notice to all persons carrying on the profession of goldsmiths, and traders in gold jewels, &c., directing them to take out licenses from the Special Magistrate.

No. 8028-9—LEGIS. 64, DATED BANGALORE, THE 14TH DECEMBER 1900.

ORDER THEREON—A goldsmith is "an artisan who *manufactures* vessels and ornaments of gold and silver." (*Vide Webster's Dictionary.*) It is in this, its ordinary sense, that the term is used in Section 5 of the Mines Regulation. The distinction which the District Magistrate proposes to draw between "persons carrying on the profession of a goldsmith" and "those engaged in the melting or manufacture of articles of gold" is not, in the opinion of Government, sound. These expressions are used merely to denote that a person may melt or manufacture articles of gold without being necessarily a goldsmith by profession. The answer to the question raised by the District Magistrate is, that persons who merely *trade* in, *i.e.*, merely buy and sell, gold articles, without actually *working* in that metal, are not goldsmiths within the meaning of the Regulation, and are therefore not liable to be called upon to provide themselves with licenses.

Letter No. 390, dated 18th October 1900, from the President, District Fund Boards, Mysore district, stating that the excess expenditure of Rs. 748 incurred in the Mysore district was approved of by the District Fund Board and that final orders have been passed in Government Order No. 1157-67—L. F. 48-98, dated 25th July 1900.

No. 8126-28—L. F. 48-98, DATED BANGALORE, 17TH DECEMBER 1900.

ORDER THEREON—The excess expenditure of Rs. 748, referred to in the above, is sanctioned.

2. It is observed that the reference quoted by the President in his reply letter No. 390, dated 18th October 1900, is wrong and misleading. The date and number of the 5th reminder are quoted and not the original letter calling for information, which was dated so far back as the 5th January 1900. This practice is reprehensible and must be put a stop to, if it prevails to any extent in the President's office.

3. The Order of Government referred to, as conveying the sanction, disallows the expenditure as being unnecessary. The President is requested to quote the passage of the Order on which reliance is placed or explain how that Order has been construed as conveying sanction.

Letter No. 142, dated the 27th August 1900, from the President of the Municipal and District Fund Boards, Kadur district, stating that the submission of the Annual Municipal and District Fund Reports for 1899-1900 will have to be delayed till the accounts for June 1900 are returned audited by the Comptroller and the Examiner, Public Works and Railway Accounts.

Letter No. 2670, dated the 2nd November 1900, from the Comptroller in Mysore, stating with reference to Government Proceedings No. 5655-7—L. F. 21-1900, that, for reasons stated, it is not possible to close the accounts finally before the end of November 1900.

Letter No. 4778, dated the 26th October 1900, from the Examiner, Public Works and Railway Accounts, stating that the accounts of expenditure under District Funds for June 1900 were sent duly audited on the 16th October 1900, to the President of the Kadur district.

No. 8134-42—L. F. 21-1900, DATED BANGALORE, 17TH DECEMBER 1900.

ORDER THEREON—Government consider that delay in the issue of audited accounts for June 1900, in the office of the Comptroller, is mainly due to the omission on the part of the Presidents of the Municipal and Local Fund Boards to transmit their monthly accounts to the Comptroller on or before the prescribed dates, and that when punctuality is secured in this direction, the Comptroller will, it is hoped, be able to send out the audited accounts in time to admit of their embodiment by Presidents in their Annual Administration Reports. The attention of the Presidents is therefore invited to the clear instructions conveyed in Government Proceedings No. 4552-40—L. F. 16-92, dated the 8th September 1893, and reiterated in their recent Order No. 6239-47—L. F. 20-900, dated 5th November 1900, and they are requested to see that in future their accounts and reports are invariably submitted on or before the prescribed dates and that explanations are submitted to Government in every case of delay.

2. As it is of the utmost importance that Government Reviews on the Administration Reports should be issued as early as possible after the expiration of each year, the Presidents who have not as yet submitted their Annual Reports are requested to do so at once with complete information under all heads, adopting therein figures as per audited cash accounts forwarded to them by the Comptroller and the Examiner, Public Works Accounts, without waiting for the final accounts from the Comptroller.

3. The Comptroller will likewise submit as early as practicable his Annual Accounts for the year 1899-1900 with subsidiary or detailed statements.

Letter No. 92, dated the 27th November 1900, from the President of the Municipal Commission, Bangalore City, requesting that the leave allowances (*viz.*, Rs. 1,092-11-10) paid to the late Mr. S. Srinivasa Rao, Vice-President, may be debited to Provincial Funds, as there is no provision for the same in the Municipal budget.

No. 8533-5—L. F. 6-99, DATED BANGALORE, 29TH DECEMBER 1900.

ORDER THEREON—Section 14 of the Municipal Regulations provides that leave allowances to Municipal officers (including the Vice-President) shall be paid from Municipal Funds, but that no greater expenditure therefrom shall be incurred on the whole by reason of the payment of such leave allowances than would have been incurred had no leave been granted. The arrangements made during Mr. S. Srinivasa Rao's absence on leave should accordingly have been such as would not entail any additional expenditure on the Municipality. This will be pointed out to the President. As, however, the allowances have already been drawn by Mr. S. Srinivasa Rao, who has since died, the Government are pleased, as a special case, to sanction the charge being debited to Provincial Funds, but with the remark that this case should not be treated as a precedent.

REVENUE

Proceedings of the Government of Mysore,

No. 4375-82—R. F. 116-92, DATED BANGALORE, 5TH DECEMBER 1900.

ORDER—The avenue trees especially after the turn from French Rocks to Melkote, were recently found quite mutilated. The local negligence which permitted this act of destruction should be severely noticed. The trees along this road as well as along the Melkote-Krishnarajpete and Dandigauhalli-Hassan roads call for greater attention on the part of the Revenue officers concerned. There are many vacancies to be supplied along the road last mentioned.

2. The Deputy Commissioners of the Mysore and Hassan districts are requested to at once issue needful instructions in the matter. In this connection, the Deputy Commissioners are requested to see that the Standing Orders of Government as regards the planting, pruning and lopping of avenue trees are strictly enforced, any want of attention being promptly and adequately noticed.

Offg. Secy. to Govt., Gen. & Rev. Depts.

Letter No. 204—S, dated 24th November 1900, from the Deputy Commissioner, Hassan district, reporting with reference to Government Proceedings No. 2154-60—R. 704, dated 4th September 1900, directing C. Machiah, Revenue Probationer, to report himself to the Deputy Commissioner for duty, and asking the latter to send him on the 1st November 1900 to learn work in the Survey Department, that as Machiah had appeared for the recent Revenue and Criminal examinations, he permitted him to overstay the period in anticipation of sanction, and soliciting instructions as to whether it is necessary to send him on immediately to the Survey Superintendent or whether he may retain him for some time longer at least till the end of March next, by which time he could have practical training during the jamabandi.

No. 4460-1—R. 1499, DATED BANGALORE, 7TH DECEMBER 1900.

ORDER THEREON—Government observe that anticipating change of express orders and acting under that expectation in opposition to such orders is irregular. This aspect is rendered more serious in this case by the long delay of nearly a month in making this reference. There seems to be no reason for altering the orders already passed, and Machiah will be sent without further delay to report himself to the Superintendent of Revenue Survey in Mysore.

Letter No. 475, dated 21st November 1900, from the Deputy Commissioner, Tumkur District, to the Secretary to the Government of Mysore, General and Revenue Departments.

Referring to Government Order Nos. 7249-57—P. F. 5-97 and 8448-56—R. 2912, dated, respectively, the 14th April 1899 and 30th May 1900, regarding the inspection of tanks brought up to standard by the Public Works Department and handed over to the Revenue Department for up-keep, I have the honor to bring to notice that the constructive details and other information required to be entered in the tank books have not been supplied to the Revenue Department. I have asked the Executive Engineer to furnish me with a complete list of tanks brought up to standard in this district up to date, as well as tank books duly filled in with such information as is forthcoming in the Public Works Department.

2. The systematic information this year of all tanks brought up to standard has been insisted upon, and copies of the registers of inspection will be submitted in March next, as directed in the last para of the Proceedings of the 30th May last.

No. 4506-14—R. F. 7-1900, DATED BANGALORE, 11TH DECEMBER 1900.

ORDER THEREON—The direction contained in the Government Proceedings of 30th May last, above referred to, is plain enough. It requires that the report should be received immediately after the jamabandi of the taluk is over, and in any case not later than the 31st of March, in which case of delay, the Deputy Commissioner should explain the cause thereof. The present reference of the Deputy Commissioner is uncalled for, and he is requested to carry out the plain direction of Government.

Correspondence ending with letter No. C., dated 4th December 1900, from the Deputy Commissioner, Mysore district, soliciting sanction to a further advance of Rs. 3,000 for the relief of indigent weavers in the Mysore City, and stating that up to the 3rd December 1900, a sum of Rs. 6,995-11-5 has been spent for the purpose out of the total advance of Rs. 7,000 sanctioned by Government, and that a sum of Rs. 2,593-12-0 has been recovered from Madappa to whom Rs. 6,973-8-3 worth of cloths were sold.

No. 4546-7—R. F. 13-1900, DATED BANGALORE, 11TH DECEMBER 1900.

ORDER THEREON—A further advance of Rs. 2,000 for the relief of weavers, is sanctioned. Government observe that the rate of commission allowed to the purchaser Madappa, is ascertained to be high, and it must be reduced. Proper enquiry as to the minimum rate of commission does not seem to have been made. The rate allowed in Bangalore is much less, being only three per cent.

2. As plague in Mysore has greatly abated, this mode of relief may now, it is presumed, be discontinued altogether or restricted to a very limited extent. The Deputy Commissioner's opinion is requested.

Correspondence ending with letter No. 730, dated 27th February 1897, from the Deputy Commissioner, Tumkur district, regarding the submersion of lands in British Territory by the restoration of the Bugadur tank in the Pavagada taluk.

2. Correspondence ending with letter No. 5781, dated 27th November 1900, from the Chief Engineer of Mysore forwarding a file of correspondence on the subject and stating that if no compensation has been paid on the requisition made in his office letter No. 1029—6630, dated 14th December 1896, it is now necessary to order payment of the capitalized value of the entire extent of lands in British Territory, *viz.*, 9 acres and 66 cents required in connection with the restoration of the Bugadur tank.

No. 4659-62—R. 1557, DATED BANGALORE, 14TH DECEMBER 1900.

ORDER THEREON—From the papers received from the Chief Engineer, it is observed that 6 acres and 66 cents of land in the Naranagipalli village, Penukonda taluk, Anantapur district, having become liable to submersion by the restoration of the Bugadur tank in the Pavagada taluk, and another three acres in the same village being required for the weir and weir channel, it was decided by Government in the Public Works Department, in consultation with the Government of Madras, to acquire the whole extent, *viz.*, 9 acres and 66 cents, of which 4 acres and 32 cents assessed at 8 annas and 8 pies were occupied lands and the rest, *viz.*, 5 acres and 34 cents assessed at 10 annas and 8 pies, Government waste, on payment of the capitalized value of the loss of assessment thereof at 30 years' purchase as well as of compensation for the occupied lands. It is now stated in the letter from the Madras Government, that out of the occupied lands, 4 acres and 28 cents have since been relinquished by the holders, that the holder of the remaining 4 cents does not ask for any compensation, and that therefore the Durbar will have to pay only the capitalized value of the loss of assessment on the 9 acres and 66 cents.

2. Under these circumstances, the Government are pleased to sanction the payment to the Government of Madras, of the capitalized value of the loss of assessment (*viz.*, Rs. 1-3-4) amounting to Rs. 36-4-0 at 30 years' purchase. The Deputy Commissioner will draw the amount in advance and remit the same to the Collector of Anantapur. The receipt obtained may be submitted to Government in adjustment of the advance.

3. A copy of these Proceedings will be submitted to the Hon'ble the Resident for information in continuation of letter No. 774-75—4251-52, (P.W.D.), dated 10th September 1900.

Appellant	*versus*	Respondent
Ramaiya.		Honappa, minor, by Sankaramma. mother and guardian.

Petition of Appeal No. 2387—A. 89 of 1897-98, presented by Ramaiya of Mahazid village, Chikmagalur taluk, against the order of the Deputy Commissioner, Kadur district, declaring that the appellant should be treated as the gumasta of Mahazid scale and that the hak should be registered in the name of the respondent.

2. Correspondence ending with letter No. 114, dated 24th August 1898, from the Deputy Commissioner, Kadur district.

3. The records of the case.

Before the introduction of Pakka Potgi Settlement, Subbaraya, father of respondent, was the hakdar shanbhog of the Vastara firka, consisting of 23 villages. During the Potgi Settlement in 1886-87, the firka was divided under Rule XXIX of the Potgi Rules, into four scales, *viz.*, Vastara, Mahazid, Avenhalli and Halasinane, and the appellant, who was a minor and nephew of the hakdar Subbaraya, was appointed by the Deputy Commissioner as shanbhog of Mahazid scale, one Venkatramaiya being appointed gumasta during the appellant's minority. In 1892, Subbaraya disputed the validity of the appellant's appointment but died in 1896 before his complaint was disposed of. His widow renewed the complaint and prayed that the shanbhogi of all the four scales, including Mahazid, might be registered in the name of her minor son, the respondent. The Deputy Commissioner (Mr. Weir) sanctioned the application under the authority of Government Order No. 5238-46—Cir. 133, dated 6th December 1887, but directed that the appellant who had become a major should be allowed to act as gumasta on probation. The appellant contends in his appeal to Government that he was appointed shanbhog of the Mahazid scale in his own right and not as gumasta.

No. 7452-9—PET. F. 82-98, DATED BANGALORE, 20TH APRIL 1899.

ORDER THEREON—The Pakka Potgi Settlement register shows that appellant was confirmed as hakdar of one circle and that, during his minority, one Venkataramaiya was appointed as gumasta to do duty. Mr. Weir's application of the Government Order No. 5238-46—Cir. 133, dated 6th December 1887, to this case is incorrect. Appellant's right must be restored in accordance with the settlement made under Rule XXIX of the Pakka Potgi Rules.

The Deputy Commissioners of Districts.

No. 4530-7—P. F. 82 of 98, DATED BANGALORE, 11—12TH DECEMBER 1900.

ORDER THEREON—The facts are:—The plaintiff in this case brought a suit to establish his right to the Mahazid firka and, as a necessary consequence thereof, to set aside the Government Order read above, which directed that the defendant should be recognized as the hakdar shanbhog of the firka in question. The Treasury Assistant Commissioner, to whom the case was referred for disposal, having held that the decision of Government was open to revision in a regular suit and finding that the plaintiff's father had no right under the Hindu Law to alienate the office in favor of the defendant, decreed in favor of the plaintiff, thereby setting aside the Order of Government. On appeal the Deputy Commissioner confirmed the above decision. The present appeal is against this order.

2. This appeal must be allowed. The appellant before Government has been declared to be absolute hakdar and not gumasta in Government Order No. 7452-9—P. F. 82-98, dated 20th April 1899, and it is inexpedient that that Order should be called in question in what is called a regular suit. As already declared, Ramaiya will be continued as hakdar. As he appears to be fit to do his own duties, the Deputy Commissioner will take action to remove the gumasta who is now doing the duties of the appellant.

Petition of appeal presented by Ramakka Heggadati of Kallumane village in the Mudgere taluk against the order of the Jamabandi Officer of 1897-98, directing the registry of certain lands in Kuve village in the same taluk in the name of the respondent.

(3) Records of the case.

No. 4538-45—P. F. 51 OF 99, DATED BANGALORE, 11—12TH DECEMBER 1900.

ORDER THEREON—Subbegauda, khatedar of S. Nos. 66, 68, 77, 78, 79 and 80 of Kuve village in the Mudgere taluk, died in October 1897. Mr. Weir, the then Deputy Commissioner, ordered during the jamabandi of 1897-98, the registry of the khate of the above lands in the name of the respondent, the deceased's brother, on the ground that the family was an undivided one. In her appeal to Government against this order, the appellant, widow of the said Subbegauda, urged that, as the above lands were acquired by her husband in 1883 out of the money she received as dowry from her father, she was entitled to the registry in her own name. As a result of the further enquiry made by the Deputy Commissioner in accordance with a requisition from Government, the Deputy Commissioner found that the deceased had purchased the lands out of his wife's "Stridhana" and that the registry might be made in the name of the appellant instead of the respondent. The case was heard before Council and a further remand was made for the evidence being recorded after due notice to both parties under Government Proceedings No. 4257-64—P. F. 51-99, dated 12th December 1899. The further evidence goes only to confirm the finding of the Deputy Commissioner, dated 24th March 1899, that the lands were purchased from appellant's "Stridhana." Under the circumstances of the case the appellant is better entitled to have the patta in her name. The Deputy Commissioner's first order is reversed, and the entry in the village register will be altered in the name of the appellant.

(2.) Letter No. 292, dated 26th September 1899, from the Deputy Commissioner-Mysore district, reporting that the objection to the grant of the above said land for purposes of cultivation was the outcome of party-feeling existing in the village, that on personal inspection and enquiry he found certain material irregularities in the sale proceedings which had tended to such a low price as Rs. 6 being realized at the sale, that the position of the land in question was such as to facilitate encroachment on the neighbouring portions of the adjoining gomal land and that it also contained a cart-track for which no deduction had been allowed in the Phut Kharab; and recommending that on these groundt the sale in favor of the counter-petitioner Kempegauda might be cancelled and that sanction might be accorded to sell under Darkhast Rules another portion of an equal extent selected by him out of the said gomal S. Appellant—Venkatasetti of Saragur, Heggaddevankote taluk.

READ—

Petition of appeal presented by the appellant named above against the order of the Deputy Commissioner, Mysore district, fining him for encroachment on, and unauthorized cultivation of a portion of S. No. 22 of Basavankote, Heggaddevankote taluk, and directing his eviction from the encroached portion.

2. Correspondence ending with letter No. 732, dated 31st January 1900, reporting on the above.

The facts of the case are briefly as follows:—

On the application of one Channakesavaiya, Maji Nos. 7 and 8 of Nandinathapura, Heggaddevankote taluk, with the marginally noted extent, were sold in public auction and purchased by the above named Channakesavaiya for Rs. 110. At the Survey Settlement in 1884-85 these two lands measuring 8 acres and 37 guntas with a Phut Kharab of 3 acres and 6 guntas were grouped into S. No. 28 and were classed as dry with an assessment of Rs. 6-8-0. In 1886-87 Channakesavaiya transferred his land to the appellant's uncle Munisetti. In the same year the Jamabandi Officer imposed a fine of Rs. 7 on Munisetti for having unauthorizedly raised wet crop on a portion of S. No. 28 by irrigating the same from the Lakshmanapur nala passing close by. In the next year a portion of his land was turned into wet by the levy of a water-rate of Rs. 15-8-0. In the following year the water-rate was extended to the whole of S. No. 28.

Maji No.	Class.	Extent. K.	k.	p.	Assessment. Rs.	a.	p.
7	Wet	2	17	9¼	32	6	6
		Nala rent			1	7	0
8	Do	0	10	0	5	10	0
		Nala rent			0	4	0
	Total ...	3	7	9¼	39	11	6

2. In 1890-91 when the land was re-classed by the Survey Department, only a portion of S. No. 28 measuring 5 acres and 5 guntas was classed and assessed as wet, and the remaining 3 acres and 32 guntas was assessed as dry.

3. In April 1896 the acting shanbhog reported that the appellant had encroached on a portion of S. No. 22 of the neighbouring village of Basavankote. On examination the extent encroached upon was found to be 6 acres and 37 guntas. In the course of the enquiry the appellant having admitted that he was in enjoyment of the land encroached upon since 1888-89, the Deputy Commissioner fined him nine years' assessment of the land encroached upon and directed his eviction therefrom. The Deputy Commissioner has found in clear terms that the appellant gave up a portion of his holding on the other side of the channel and appropriated the portion now found to have been encroached upon as it was commanded by the channel. It is also stated that the application for water-rate being imposed upon the whole number was an act towards such usurpation.

Petition of appeal presented by the appellant named above against the order of the Deputy Commissioner, Tumkur district, appointing the respondent Basavegauda to look after the pateli duties of Talgonda village, Sira taluk, during the appellant's minority and as Police or Revenue patel after his minority is over.

(2). Letter No. 794, dated 15th April 1900, from the Deputy Commissioner, Tumkur district, reporting on the above.

(3). The records of the case.

No. 4641-8—P. F. 21-1900, DATED BANGALORE, 13TH DECEMBER 1900.

ORDER THEREON—The facts of the case briefly are:—The appellant's adoptive father Bhimegauda was the hakdar patel of Talgonda village till his death in the beginning of 1891, whereafter his widow Lakkamma applied for and got the registry of the pateli office transferred in her name, the respondent Basavegauda, a cousin of her husband, being appointed to do duty as her gumasta. In December 1891 she got the Baravard transferred in Basavegauda's name. In the meanwhile the appellant alleging to be the adopted son of the deceased Bhimegauda applied to the Deputy Commissioner for the registry of the office in his name. Bhimegauda's widow Lakkamma having denied the adoption, the appellant was directed to establish it in a civil court. He accordingly did so, and having obtained a decree declaring the adoption valid, applied to the Deputy Commissioner for the registry of the pateli office in his name and for the appointment of one Channaiya as gumasta during his minority. The Deputy Commissioner granted his prayer and referred the respondent at the same time to establish his right to the office claimed by him in a regular Revenue suit. The respondent then filed a suit in the 1st General Assistant Commissioner's court and obtained a decree declaring him to be registerdar patel and a hissedar in place of his father Allajjegauda. The execution of the decree was, however, left to the Deputy Commissioner in his executive capacity. Thereupon the Deputy Commissioner ordered the registry of the names of both as hakdars to the office and the appointment of the respondent as officiator during the appellant's minority, subject to one of them being appointed to do the Police and the other the Revenue duties when the appellant attained his majority.

2. The order of the Deputy Commissioner is quite uncalled for and opposed to the Standing Orders. It is inequitable in the interests of the minor Hanumaiya who has been registered as hakdar after being decreed to be the adopted son of the late holder of the office. There was no division of pateli into Police and Revenue, and having regard to the smallness of the villages, such splitting up of duties is uncalled for. The order quoted as authority does not apply to this case. This direction is prejudicial to the interests of the minor, and the appointment of any other than one who will take care of the minor, *bring him up, educate him* and train him for his future duties, is also opposed to the Standing Orders, which direct that the interests of the minor should guide the choice of a gumasta. There is nothing said against the appointment of Channaiya who is also asked for by the guardian of the minor. Under all the circumstances of the case the order of the Deputy Commissioner must be reversed, Hanumaiya registered as sole officiator and Channaiya directed to carry on the duties during the minority of Hanumaiya.

Appellant Krishna Rao. *Versus* Respondent Madhava Rao.

This is an appeal against the order of the Deputy Commissioner, Shimoga district, regarding the right to the shanbhogi office of Machenahalli firka, Honnali taluk.

The facts of the case are:—

At the Pakka Potgi Settlement in 1877, the shanbhogi office of Machenahalli firka was registered in the name of the appellant Krishna Rao, then a minor, and a gumasta appointed to do the duties for him. About the year 1885 the respondent's father

Raghappa, a brother of the appellant, was appointed as gumasta during the appellant's minority. On Raghappa's death in 1897, the appellant requested that he might be permitted to do the duties himself. The respondent's mother Bhimavva disputed his claim and prayed that the office might be registered in the name of her son, alleging that the office was in the enjoyment of her husband and that the appellant had lost his claim by his adoption to a different *gotra*. The appellant admitted the adoption and urged that it did not affect the registry previously made. On the recommendation of the 1st Assistant Commissioner, who enquired into this matter, the Deputy Commissioner ordered that the office might be registered in the name of the respondent, a gumasta being allowed to do the duties during his minority. On Krishna Rao appealing against this order, the Government in Proceedings No. 3890—P. 470, dated 22nd November 1899, asked the Deputy Commissioner to submit specific findings as to whether Raghappa, acquiesced in the continuance of the registry in the name of the appellant when he was referred to a regular suit in 1893 and whether the appellant's adoption to another family was understood by all the parties concerned as not affecting his right to the shanbhogi office in question. These findings were received from the Deputy Commissioner with his letter No. 878—733, dated 5th April 1900.

Decision.

The findings now submitted place the case beyond doubt. Although Krishna Rao was adopted into a different family, yet the fact that the registry of his name for the shanbhogi in question was allowed to continue, as well as the evidence on record, shows clearly that it was the intention of all concerned to permit the shanbhogi hak to continue in his possession. Raghappa, who first consented to act as gumasta, agitated in 1893, but was refused to be registered as shanbhog. He took no further action, and his widow and minor son are now estopped from disturbing the appellant's possession. Moreover, if it is held that the adoption into another family divests the appellant of his right, there is no reason why the widow Bhimavva should be allowed to sue alone for this right as there are other brothers who can also claim. They have not come forward to dispute the possession of the appellant. For these reasons it is proper to hold that the appellant should be confirmed in possession of this shanbhogi hak, and in reversal of the order appealed against, it is directed that the registry do continue in the name of Krishna Rao and that Bhimavva's claim, as representing herself and her minor son, be rejected.

No. 4880-87—P. F. 28-1900, DATED BANGALORE, 22ND DECEMBER 1900.

Copy of the above is forwarded to the Deputy Commissioner, Shimoga district, together with the records received with his letter No. 878—733, dated 5th April 1900.

FOREST

Proceedings of the Government of Mysore.

READ THE FOLLOWING—

Letter No. 2098—442, dated the 16th December 1900, from the Conservator of Forests in Mysore.

I have the honor to submit copy of letter No. 1823—1532, dated the 15th ultimo, from the Deputy Commissioner, Kolar, together with the file of papers received therewith (to be obligingly returned) and the draft notification of the boundaries of the Srinivaspur and Agara forests in the Kolar district.

2. It will be observed that no regular settlement of these forests was made at the time of their reservation; but in the case of Srinivaspur forest, the complaints of the surrounding villagers of insufficiency of pasture was duly enquired into so far back as 1892 by an Assistant Commissioner deputed by the Deputy Commissioner, and the boundary line pushed back where necessary. This settlement has had the acquiescence of the villagers as evidenced by the absence of further complaint since then. In the case of Agara forest the boundaries notified by the late Inspector General in June 1895 remain unaltered; but no map either of this or of Srinivaspur forest is forthcoming for needful verification and submission.

3. It appears to be of little use at this distance of time to go through the formalities as to the submission of alienation, gomal, &c., statements. As these forests have been treated as State Forests for all intents and purposes and from what is stated in the foot-note of the draft notifications, they are free from private rights except rights of way.

4. Under the circumstances, I consider that much trouble will be saved if these forests are notified as State Forests before 1st January 1901, the date on which the new Forest Regulation comes into force; while I cannot think that in view of the past history and present position of the forests any injury to the interests of Government or of the raiyats will ensue. I request therefore that as a matter of urgency the boundaries may at once be notified under Section 9 of the existing Forest Rules.

No. 374—Ft. F. 96-95, dated Bangalore, 22nd December 1900.

Order thereon—Under the circumstances represented, the Government are pleased to approve of the boundary statement submitted with the above and to direct that a Notification as hereunder be published in the *Mysore Gazette*.

2. The Conservator of Forests is requested to arrange for the proclamation of the demarcation and boundaries of the forests in the taluks in which they are situated, as required by Section 9 of the Forest Rules of 1878.

I have the honor to report that in para 2 of my letter No. 1—259, dated 2nd July ast, I recommended that Government might defer notifying the Viranhosahalli and Dodharve forests of the Hunsur taluk, pending further report from the Deputy Commissioner regarding the acquisition of certain lands included in these forests.

2. From the reports of the District Forest Officer forwarded through the Deputy Commissioner, it is understood that 9 acres and 13 guntas of assessed waste lands of Viranhosahalli village have been given in exchange for Survey Nos. 3 and 5 of Bechirak village, Tuppadakola, included in the Viranhosahalli forest, and that the khatedar has agreed to this exchange, but the necessary exchange statement and the muchalika executed by the pattadar called for for submission to Government have not been received as yet. To avoid further delay, however, formal Government sanction may be accorded, if possible, to the exchange of lands as noted below :—

3. Regarding Kurubarhosahalli Amrut Mahal kaval whose inclusion in this forest was recommended by my predecessor in para 6 of his letter No. 1677—113, dated 12th November 1898, subject to the grazing rights of the Amrut Mahal cattle in this area, I beg to suggest that this area may be entirely excluded pending final decision of Government about the management of such kavals and the revised draft boundary statement now submitted may be approved and notified, formal sanction being accorded to the alienation of lands included in the proposed Viranhosahalli forest.

4. As the Deputy Commissioner has failed to forward in time the required draft Notification for the acquisition, under the Land Acquisition Act, of the marginally noted three small occupied numbers of Dodharve village included in the Dodharve forest, and to avoid any further delay in

declaring this as a State Forest, I beg to recommend that the lands may be treated as enclosures for the present and the boundaries of the Dodharve forest also notified at once.

5. Papers as per *pherist* attached are herewith submitted.

No. 389—Ft. F. 145-95, dated Bangalore, 22nd December 1900.

Order thereon—The boundary statements forwarded with the above will be published in the *Mysore Gazette*.

Read the following—

Letter No. 1302—66, dated the 10th October 1900, from the Conservator of Forests in Mysore.

Referring to your docket No. 110—Ft. F. 38-95 of 5th July 1899 and subsequent reminder No. 2250—Ft. F. 38-95, dated 7th ultimo, I have the honor to forward the settlement record of the Bukkapatna proposed State Forest in the Tumkur district, together with a rough sketch and statements as per margin, received from the Deputy Commissioner of the district.

(1) Boundry statement.
(2) Alienation statement (general).
(3) Statement of gomal lands.
(4) Do of assessed lands.

2. The settlement of the Bukkapatna forest was conducted so far back as 1892 and 1893 by Revenue Assistant Commissioner Mr. Abdul Aziz and Mr. Venkatanaranappa, District Forest Officer. It was however defective in many respects. The settlement officers did not agree in some points and the opinions and recommendations recorded by the then Deputy Commissioner were not in all cases concurred in by Colonel Walker. The papers had therefore to be referred back to the Deputy Commissioner more than once and were received each time after a long interval.

3. The settlement as now finally made may, I think, be accepted as on the whole well considered and satisfactory to all concerned. The requirements of the villagers have been fully weighed and adequately provided for. There is however one point which I have to refer specially for the orders of Government. It will be seen that in the settlement record in the sheet relating to Siddapur (deserted) village of the Hagalvadi hobli in the Gubbi taluk, the present Deputy Commissioner has noted under date 15th April 1898 that Survey No. 2 (gomal) may be excluded from the demarcation line in view

to put an end to the complaints of the villagers of Hagalvadi. But the boundary statement and sketch show that the gomal land (Survey No. 2) has been included, which may perhaps be attributed to an oversight on the part of the District Officers. I would however invite attention to the former Deputy Commissioner's note of 8th January 1895 in the same settlement sheet which goes to show that the Hagalvadi villagers have no right to the gomal in question. Apart from this the sketch indicates that Survey No. 2 is required in order to secure a good boundary. Moreover, when at Hagalvadi on tour, I came to the conclusion that the villagers were upon the whole, very well off in regard to free pasturage. Under these circumstances, I beg that Government may be pleased to sanction the reservation of the number. I have included this number in the alienation statement subject to approval of Government.

4. A few omissions and errors were noticed in the alienation statements received from the Deputy Commissioner, and to avoid delay in referring them back for rectification, necessary corrections have been made in my office. Such corrections and entries are in red ink.

5. The forest as finally settled covers an area of 55 square miles, 90 acres and 26 guntas, inclusive of 244 acres and 26 guntas of survey No. 2 of Siddapur village above referred to, and stretches over parts of the Gubbi, Chiknayakanhalli, and Sira taluks and of the Huliyar sub-taluk. An abstract (villagewar) statement of lands taken up for the formation of the forest is enclosed.

6. As the settlement has been pending for more than seven years and in view of the fact that the introduction of the new Forest Regulation in the immediate future, will considerably change the existing practice in the matter of reservation of forest areas, I beg that Government may be pleased to sanction the alienation of lands (gomal and assessed) as per statements submitted and to approve and publish the boundry statement as early as possible.

(2) *Letter No. 558, dated 11th December 1900, from the Deputy Commissioner, Tumkur, furnishing information on certain points relating to inclusion of assessed lands in the forest.*

No. 392-3—Ft. F. 38-95, dated Bangalore, 22nd December 1900.

Order thereon—The Conservator's proposal is approved and the accompanying Notification will be published in the *Mysore Gazette*. It should be promulgated in the taluks in which the forest is situated.

2. With regard to Survey No. 2 of Siddapur village, Gubbi taluk, it is represented that the raiyats of Hagalvadi object to its inclusion in the State Forest as they require it for pasturage; but from a personal inspection of the place, the Conservator is of opinion that the villagers will not be sufferers in regard to pasturage and that Survey No. 2 is necessary to make the boundary complete. The Deputy Commissioner states that if it cannot conveniently be excluded, it may be taken for the forest. The Government, under the circumstances, are pleased to sanction its alienation.

3. The alienation of the lands (as per statements appended) is sanctioned as follows:—

		A.	g.
Kharab land		29,124	32
Gomal		3,607	7
Assessed waste		2,558	27
Total ...		35,290	26

The assessment on the last mentioned description of land, amounting to Rs. 898-12-0, will be written off the accounts.

4. The alienation of 3,272 acres and 16 guntas of state lands in exchange for the 3,607 acres and 7 guntas of gomal land taken up for the State Forest is also sanctioned, the assessment aggregating Rs. 99-8-0, being written off the accounts as per details in the statement.

Correspondence ending with the following letter No. 2259—203, dated the 30th December 1900, from the Conservator of Forests in Mysore.

With reference to your No. 104—Ft. F. 39-95, dated 5th July 1899, forwarding copy of your docket to the Deputy Commissioner, Kadur, in regard to the early settlement of Sargode and Basavankote jungles, I have the honor to submit for approval and notification if possible before the 31st instant, the boundary statements of the above forests in three blocks, *viz.*, Basavankote, Sargode and Basti, together with the settlement records, sketches (to be kindly returned) and alienation statements appertaining to each of the forests in question.

2. It will be seen that Basavankote and Basti are entirely situated in the Chikmagalur taluk while Sargode is also partly situated in Mudgere. For this latter forest 15 survey numbers in the Kandur village had been selected but only nine numbers were actually enclosed, and no reasons for the rejection of the remaining six numbers have been recorded. The configuration of this forest will have to be greatly improved, and this will receive due attention. The settlement has been approved by the Deputy Commissioner, but the District Forest Officer failed to submit correct records and accurate boundary statements and sketches even after necessary instructions from my office, and consequently the boundary and alienation statements have had to be further revised and corrected by me. In view of the fact that the forests should be notified if possible before the new Forest Regulation comes into force, I recommend that the areas be notified as now settled, as otherwise the whole work, which has taken more than six years to complete, must be done over again.

3. The alienations to be sanctioned for the three forests are noted in the margin, but no assessed lands have been taken up in any case. As regards portions of gomal lands included with the concurrence of the raiyats, *mutchalikas* have been taken and filed in all cases of importance, whilst in a few cases this procedure was not adopted, because the grazing areas left outside the reserves were considered to be more than ample for requirements.

READ —

The following letter No. 2261—490, dated the 30th December 1900, from the Conservator of Forests in Mysore.

I have the honor to submit for approval and notification, the boundary statement of Tyagadabagi forest in the Kadur district, together with the settlement record, sketch (to be kindly returned) and alienation statement relating thereto.

2. It will be seen that the settlement of this forest was not less than thrice revised by the successive Deputy Commissioners, Messrs. T. Weir and H. H. Sparkes. So far back as 1893 the then Deputy Commissioner (Mr. H. H. Sparkes) held an enquiry into the complaints of Tyagadabagi and Mallenahalli raiyats, made certain concessions as regards grazing on payment of four annas per head of their cattle, and settled the areas as per margin.

	A.	g.
Tyagadabagi ...	3,349	16
Mallenahalli ...	123	26
Siddrahalli ...	500	7
Nandibatlu ...	419	1
Total ...	4,392	10

3. In October 1897, Mr. T. Weir, for the reasons given in the settlement record, added 600 acres and 25 guntas to the area taken up in Tyagadabagi and deducted 53 acres and 26 guntas from that proposed in Mallenahalli. If at all, this officer has erred on the side of liberality.

4. In September 1900, Mr. H. H. Sparkes further added assessed Government waste Survey Nos. 68 and 69 measuring 38 acres and 21 guntas which had been erroneously understood as inam lands, to the area to be reserved in Tyagadabagi, raising the total to 3,988 acres and 22 guntas and retained the areas in the three remaining villages. The aggregate area of this forest finally settled is thus 4,977 acres and 30 guntas or seven square miles, 497¾ acres mostly composed of kharab. Only 100 acres of gomal have been taken up in Siddrahalli without prejudice to local wants. In according sanction to the appropriation of several survey numbers, the assessment amounting to Rs. 13 on the two assessed waste survey numbers referred to may also be ordered to be written off.

No. 496—FT. F. 39-95, DATED BANGALORE, 31ST DECEMBER 1900.

ORDER THEREON—The Government are pleased to direct that a Notification as hereunder be published in the *Mysore Gazette*.

2. The Conservator is requested to arrange for the proclamation of the demarcation and boundaries of the forest in question being made in the taluk in which it is situated, as required by Section 9 of the Forest Rules of 1878.

3. Orders regarding the alienation of lands taken up for the forest will issue in due course.

J. L. PIGOT,
Secy. to Govt., Forest Dept.

Letter No. 2260—350, dated the 30th December 1900, from the Conservator of Forests in Mysore.

I have the honor to state that Nundy, in the Kolar district, is an old State Forest constituted several years ago, by the late Inspector General of Forests who published its boundaries in Part II of the *Mysore Gazette*, dated 1st March 1890. The forest, however, now continues to be treated as a reserved forest (Form 45 B) as it has not been declared as State Forest by the proper authority, under Section 9 of the Forest Rules of 1878. In view of its re-notification before the new Forest Regulation comes into force, I addressed the Deputy Commissioner on the 23rd August last whether the boundaries published in 1890 could be re-notified, but no reply has been received up to date notwithstanding that two reminders were issued. As I cannot wait longer, I beg to submit for approval and early notification the enclosed statement of boundaries copied from the *Gazette* with further particulars available in my office. A memo of private rights, if any, may hereafter be published.

No. 402—Ft. F. 96-95, DATED BANGALORE, 31ST DECEMBER 1900.

ORDER THEREON—Under the circumstances represented, the Government are pleased to approve of the boundary statement submitted with the above and to direct that a Notification as hereunder be published in the *Mysore Gazette*.

2. The Conservator of Forests is requested to arrange for the promulgation of the demarcation and boundary of the forest in the taluk in which it is situated as required by Section 9 of the Forest Rules of 1878.

The following letter No. 636—346, dated the 15th August 1900, from the Conservator of Forests in Mysore.

Referring to Colonel Walker's letter No. 863-45 of 8th August 1897, submitting reports in connection with the exploration of ghat forests and reservation of woodlands surrounding the head waters of streams in the Hassan district, I have the honor to forward, for early notification in the *Gazette*, a draft Notification of the boundaries of the proposed Bisle State Forest in the Manjarabad taluk.

2. The area recommended by the Deputy Commissioner for reservation comprises lands noted below :—

		Acres.	g.
(1)	Bisle ghat forest block	6,489	36
(2)	Survey No. 53 (gomal) of Yettahalli village ..	409	26
(3)	Do No. 9 (kharab) of Arni village ...	285	4
(4)	Do No. 1 (Anchemale coffee *abandoned* estate) ..	1,197	20
(5)	Do Nos. 61, 62, 64 and 65 (assessed occupied lands, Arni village)	7	9
(6)	Do No. 63 (assessed unoccupied land, Arni village)	2	4
	Total ...	8,391	19

It is reported that the abandoned Anchemale coffee estate does not bear any assessment. In regard to the gomal land of Yettahalli proposed to be included in the forest area, it will be seen from the gomal statement that for 108 head of cattle in the village there still remain upwards of 2,500 acres of free grazing. The assessed occupied Nos. 61, 62, 64 and 65 of the Arni village aggregating 7 acres and 9 guntas will be excluded for the present and treated as enclosures until they are formally acquired from the holders. I think it quite possible that further enquiry will show that the occupants may, without much inconvenience to forest interests, be left in possession. Nos. 61, 62 and 65 are on the margin of the high road which forms the boundary line, while No. 64 lies somewhat in the interior as the accompanying sketch shows. It is not worth while to cut a fresh line so as to exclude these numbers, as the high road is a much better boundary.

3. The total area to be reserved will thus be reduced to 8,384 acres and 10 guntas. With the above remarks I beg that Government may be pleased to order the Notification of the boundary statement as early as possible and to sanction the alienation of the gomal and assessed lands noted in the margin.

	A.	g.
(1) Yettahalli village, Survey No. 53 (gomal)	409	26
(2) Arni village, Survey No. 63 (assessed) ...	2	4

Assessment Rs 5-8 0.

4. Copy of Hassan Deputy Commissioner's docket No. 35 of 18th ultimo, and its enclosures, in original, are forwarded. It is requested that the sketch of the forest may be kindly returned when no longer required.

No. 408—FT. F. 40-95, DATED BANGALORE, 31ST DECEMBER 1900.

ORDER THEREON—The draft Notification of the boundaries of the Bisle State Forest, submitted with the letter read above, is approved and will be published as hereunder in the *Mysore Gazette*.

2. Under Section 9 of the Forest Rules of 1878, the proclamation of the demarcation and boundaries of the forest should be made in the taluk in which the forest is situated. The Conservator is requested to arrange for this being done.

3. Orders as to alienation of the lands taken up for the forest in question will issue in due course after receipt of information from the Deputy Commissioner of Hassan as called for in this office docket No. 3008—Ft. F. 40-95, dated the 10th October 1900.
